EXPERIENCE

SENIOR CUSTOMER ASSOCIATE – COUCHE-TARD

2021-2026

- Entered and verified daily sales data using Couche-Tard's computer-based management application.
- Provided first-line technical support for two point-of-sale workstations running Bulloch and Radiant software.
- Diagnosed and resolved common hardware, software, peripheral, and connectivity issues to minimize disruptions.
- Escalated complex technical problems when necessary and clearly communicated issues to management or support teams.
- Balanced technical responsibilities with customer service, cash handling, and daily store operations.

CUSTOMER SERVICE & TECHNICAL SUPPORT

2019-2021

ASSOCIATE – ESPORTS CENTRAL

- Helped new customers create accounts and guided them through login and system-access procedures.
- Prepared gaming stations by configuring computers, consoles, monitors, peripherals, and customer sessions.
- Troubleshoot hardware, software, network, account, and peripheral issues affecting computers and gaming consoles.
- Explained technical solutions clearly to customers with different levels of computer experience.
- Monitored equipment and resolved issues quickly to maintain a reliable and positive customer experience.
